

## New Kit Styles for 2009

To help serve two additional groups of deserving individuals, Kits for Kidz has developed two new stock kit styles for 2009: A **Head Start Kit** which provides basic school supplies and literature for children entering Pre-School & Kindergarten and a **Teacher Kit** which provides much needed classroom supplies for the children's instructors.

Similar to our other kits, both of these styles are delivered to your choice of destination completely assembled and ready for distribution. Both kits are stocked year 'round so product can ship almost immediately. The Head Start Kit is assembled inside of a 16" backpack that ensures the student will have everything they need to start their school experience. The Teacher Kit comes in a heavy duty corrugated box with a plastic handle.

Here is what each kit contains for 2009:
